At no time shall a Bond be outstanding under this Indenture in less than an Authorized Denomination. Upon the selection and call for redemption of, and the surrender by the Holder of, any Bond for redemption in part only, the Issuer shall execute and the Trustee shall authenticate and deliver to or upon the written order of the Holder thereof, a new Bond of an Authorized Denomination in an aggregate principal amount equal to the unredeemed portion of the Bond surrendered.

Any notice of redemption shall be given by Electronic Means or mailing a copy thereof by first class mail to the registered owner of the Bonds to be redeemed at the address for such registered owner shown on the registration books maintained by the Trustee pursuant to this Indenture. Failure to give such notice by mailing, or any defect in such notice to the registered owner shall not affect the validity of the proceedings for the redemption of the Bonds.

In addition, further notice shall be given by the Trustee in such manner as may be required by Securities and Exchange Commission regulations at the applicable time, but no defect in such further notice nor any failure to give all or any portion of such further notice shall affect a call for redemption if notice thereof is given as prescribed herein.

Section 210. [RESERVED].

Section 211. Book-Entry Only System. With respect to a particular series of Bonds, at the request and with the consent of the Purchaser (or the holders of at least 51% in aggregate principal amount of such series of Bonds then outstanding) and the Authority, the Trustee shall, as necessary, enter into an agreement with The Depository Trust Company (“DTC”), or any other entity appointed by the Authority with the consent of the Trustee offering similar services, for the

purpose of establishing a “Book-Entry System” for any series of Bonds. Pursuant to any such agreement, the provisions of this Section shall apply to such series of Bonds. The applicable series of Bonds may be registered in the name of DTC, or its nominee, for the benefit of other parties (“DTC Participants”), and DTC shall agree to keep accurate records of the DTC Participants, and promptly to transfer funds received by it in payment for the applicable series of Bonds to appropriate beneficiaries. The ownership interest of each actual purchaser of an applicable Bond will be recorded in the records of the DTC Participant and each such purchaser will receive a written confirmation of the purchase providing details of the Bond acquired. Transfers of ownership will be accomplished by book entries made by DTC and, in turn, by the DTC Participant who will act on behalf of each such purchaser. Under such circumstances, purchasers will not receive certificates representing their ownership interest in the applicable Bonds, except as otherwise specifically provided in this Indenture. The Authority and the Trustee may treat the registered holder of each applicable Bond as the owner thereof for all purposes, including payment of principal, interest, and redemption premium thereof, the giving of notices, the selection by DTC or any DTC Participant of any person to receive payment in the event of partial redemption of the Bonds and receipt of consents and direction as specified herein. DTC shall be entitled to take all action with respect to such notices and consents regarding the applicable Bonds registered in its or its nominee’s name, and may take actions with respect to a portion of such Bonds so registered which are inconsistent with the actions taken with respect to other portions of the Bonds so registered. Neither the Authority nor the Trustee is or will be responsible for the actions of DTC or anyone else in connection with the operation of the Book-Entry System. In any case where delivery of a Bond to the Trustee is required under this Indenture, such delivery shall be deemed to have been made by appropriate notation of transfer or registration on the records of DTC so long as the Book-Entry System is in effect.

DTC may determine to discontinue providing its service with respect to the Bonds at any time by giving notice to the Authority and the Trustee and discharging its responsibilities with respect thereto under applicable law. Under such circumstances, the Trustee shall transfer and exchange Bond certificates to the actual purchaser of each Bond (the “Beneficial Owner”). The Beneficial Owner, upon registration of certificates held in the Beneficial Owner’s name, will become the registered owner of the Bonds. Prior to any transfer of the applicable Bonds outside the Book-Entry System (including, but not limited to, the initial transfer outside the Book-Entry System), the transferor shall provide or cause to be provided to the Trustee all information necessary to allow the Trustee to comply with any applicable tax-reporting obligations, including without limitation any cost basis reporting obligation under Internal Revenue Code Section 6045, as amended. The Trustee shall conclusively rely on the information provided to it and shall have not responsibility to verify or ensure the accuracy of such information.

At the request of the Beneficial Owner, the Authority may discontinue the book entry transfers through DTC, and the Beneficial Owners shall be able to obtain Bond certificates. In such event, the Authority or DTC Participants, upon the direction of the Authority, shall notify the Beneficial Owners of the availability of Bond certificates and the Trustee shall transfer and exchange Bond certificates to such Beneficial Owners. Thereafter, upon presentation of such Bonds for transfer, the Trustee shall transfer the Bonds or portions thereof in accordance with

Section 206 of this Indenture. The costs and expense of printing, preparing and delivering Bond certificates upon the termination of the services of DTC shall be borne by the Beneficial Owner.

Section 311. Establishment of Trustee Fee Fund. There is hereby created and established with the Trustee a special fund to be designated “East Lansing Brownfield Redevelopment Authority Trustee Fee Fund” (the “Trustee Fee Fund”). ARTICLE IV FLOW OF FUNDS

Section 401. Application of Series 2020 Bond Proceeds. Immediately upon the receipt thereof, the Trustee shall deposit the proceeds derived from the sale of the 2020 Bonds into the funds and accounts as described on Exhibit A hereof.

Section 402. Use of and Disbursements from Costs of Issuance Fund. All moneys in the 2020A Issuance Account of the Costs of Issuance Fund shall be used to pay the Costs of Issuance of the 2020A Bonds on the Issue Date of the 2020A Bonds or as soon as possible thereafter upon submission of an invoice to the Trustee by the parties to be paid Costs of Issuance. All moneys in the 2020B Issuance Account of the Costs of Issuance Fund shall be used to pay the Costs of Issuance of the 2020B Bonds on the Issue Date of the 2020B Bonds or as soon as possible thereafter upon submission of an invoice to the Trustee by the parties to be paid Costs of Issuance. The Trustee shall make disbursements from the accounts in the 2020 Costs of Issuance Fund upon presentation of an invoice by the parties to be paid in the amount invoiced not exceeding the amount owed to such party described on the final numbers provided at closing of the Bonds. Any moneys remaining in either account of the Costs of Issuance Fund thirty (30) days after the Issue Date and not needed to pay or reimburse Costs of Issuance for the 2020 Bonds shall be transferred to the Series 2020 Bond Fund.

Section 403. Use of and Disbursements from Revenue Fund. Upon receipt of the Tax Increment Revenues, the Trustee shall apply the funds on hand in the Revenue Fund in the amounts described by written direction of the Authority in accordance with the following priority:

(i) first, into the Series 2020A Rebate Account of the Bond Fund, the Trustee shall deposit the amount necessary to pay any rebate liability due on the 2020A Bonds to the Internal Revenue Service as determined by Bond Counsel and communicated to the Trustee;

(ii) second, into the Trustee Fee Fund, the Trustee shall deposit the amount necessary to pay the Annual Trustee Fee;

(iii) third, into each of the 2020A-1 Bond Account, the 2020A-2 Bond Account and the 2020B Bond Account, each of the Bond Fund, the Trustee shall deposit the amount necessary to pay the next payments of principal of and interest (including any previously due but unpaid amounts of principal and interest) on the 2020 Bonds, and in the case of an insufficiency thereof, then on a pro rata basis into each account;

(iv) fourth, while any 2020 Bonds are outstanding, subject to the calculation of the amount of Extraordinary Redemption Available Funds as described in Exhibit A, into each subaccount within the Extraordinary Redemption Account of the Bond Fund, the Trustee shall deposit a pro rata share of all Legally Available Funds remaining in the Revenue Fund after each October 2 or before the next January 1, beginning on January 1, 2022, after the foregoing deposits required in this Section 403 have been made, to be used, together with any undisbursed amounts in each Extraordinary Redemption subaccount, to pay, the amount of Extraordinary Redemption of any 2020 Bonds then outstanding under Section 208(b), or to pay any principal of interest on the 2020 Bonds in the event there are insufficient funds on hand in any account of the Bond Fund on such Principal Payment Date or Interest Payment Date;

(v) fifth, once all Bonds have matured, into the Excess Funds Fund, the Trustee shall deposit all Tax Increment Revenues remaining in the Revenue Fund on each July 1 after the foregoing deposits required in this Section 403 have been made, to be used in accordance with the Plan and the Reimbursement Agreement;

provided, however, that, notwithstanding the priority of funding identified in Section 403(ii) and Section 403(iv), if the application of Tax Increment Revenues in accordance with that priority leaves insufficient funds to cover the next twelve months of the payments of principal of or interest on any 2020 Bonds, then the allocation of revenues described in Section 403(ii) and Section 403(iv) shall be adjusted such that there shall be sufficient Tax Increment Revenues on deposit in the appropriate account of the Bond Fund to make the payments of principal of and interest on the 2020 Bonds which principal and interest will be due and payable in the next twelve months, and

in the case of insufficiency of such diverted funds, then on pro rata basis into each account for the 2020 Bonds of the Bond Fund.

Section 404. Use of and Disbursements from Bond Fund. (a) The Trustee shall use moneys in the Series 2020A-1 Bond Account of the Bond Fund to pay the principal due on the 2020A-1 Bonds (whether by maturity or redemption or otherwise) on each 2020 Principal Payment Date and the interest due on the 2020A-1 Bonds on each 2020 Interest Payment Date.

(b) The Trustee shall use moneys in the Series 2020A-2 Bond Account of the Bond Fund to pay the principal due on the 2020A-2 Bonds (whether by maturity or redemption or otherwise) on each 2020 Principal Payment Date and the interest due on the 2020A-2 Bonds on each 2020 Interest Payment Date.

(c) The Trustee shall use moneys in the Series 2020B Bond Account of the Bond Fund to pay the principal due on the 2020B Bonds (whether by maturity or redemption or otherwise) on each 2020 Principal Payment Date and the interest due on the 2020B Bonds on each 2020 Interest Payment Date.

(d) On each July 1, beginning on July 1, 2025 and on each July 1 every five years thereafter, from the Series 2020A Rebate Account of the Bond Fund, the Trustee shall pay the Internal Revenue Service any rebate liability owed for the 2020A Bonds as directed in writing by the Authority.

(e) On each January 1, beginning on January 1, 2022, from the Extraordinary Redemption Account of the Bond Fund, the Trustee shall use the funds in the Extraordinary Redemption Account of the Bond Fund to pay pursuant to Section 208(b) the amount of Extraordinary Redemption of any 2020 Bonds on any Extraordinary Redemption date.

Section 411. Use of and Disbursements from Excess Funds Fund. Once all Bonds have matured, the Trustee shall disburse any moneys in the Excess Funds Fund to the taxing jurisdictions in the amounts identified by the written direction of the Authority.

Section 412. Investment of Funds. All moneys in the funds established in Article III of this Indenture shall be invested by the Trustee at the written direction of the Authority in accordance with the following investment policies:

(a) Investments shall be made only in the following types of securities, evidences of indebtedness, bank accounts and instruments as permitted by State law for investment of Authority funds: (i) obligations issued or guaranteed by the United States; (ii) obligations, the principal and interest of which are guaranteed by the United States or its agencies; (iii) obligations of a state, a territory, or a possession of the United States, or any political subdivision of any of the foregoing or of the District of Columbia as described in Section 103 of the Code, which investments must be graded in the highest three major grades as determined by S&P Global Ratings, a division of S&P Global, Inc., its successors and assigns (“S&P”) or be secured, as to payments of principal and interest, by a financial institution or a bond insurance company which itself or its debt is rated in the highest three major grades as determined by S&P; (iv) banker’s acceptances, commercial accounts, certificates of deposit, other deposit products, trust accounts, demand deposits, including interest bearing money market accounts, or depository receipts issued by a bank, trust company, savings and loan association, savings bank, a credit union or other financial institution (including the Trustee or any of its affiliates), which investments are, as appropriate, insured by the Federal Deposit Insurance Corporation, Federal Savings and Loan Insurance Corporation, or the National Credit Union Administration and having a reported capital and surplus aggregating at least \$30,000,000; (v) commercial paper rated at the time of purchase within the two highest classifications established by S&P, and which matures within 270 days after the date of issue; (vi) repurchase agreements against obligations itemized in subsections (i) or (ii) above, and executed by a bank or trust company or by members of the association of primary dealers or other recognized dealers in United States government securities (including the Trustee or any of its affiliates), the market value of which must be maintained at levels at least equal to the amounts advanced and which obligations must be held in the custody of the Trustee or the Trustee’s agents; (vii) in any fund or other pooling arrangement (including those for which the Trustee or an affiliate receives and retains a fee for services provided to the fund, whether as a custodian, transfer agent, investment advisor or otherwise) which exclusively purchases and holds the investments itemized in subsections (i) through (vi) above and which are rated in the highest three rating categories recognized by S&P, or (viii) in investment agreements or guaranteed investment contracts with any financial institutions (including insurance companies or the Trustee or any of its affiliates) which itself or its debt is rated “AA” (or its equivalent) by S&P and which agreements or contracts have been previously approved in writing by S&P. Any such investments shall be held by or under the control of the Trustee and shall be deemed at all times a part of the fund which was used to purchase the same.

(b) Investments shall mature or be in immediately available funds to meet and comply with any schedule of probable need to disburse moneys furnished to the Trustee by the Authority, but subject to this requirement all moneys shall be fully invested at all times when an appropriate investment is reasonably available.

(c) The earnings on investments shall be deposited in the fund or account from which came the moneys invested, and such earnings may be reinvested in such fund or account unless specifically provided to the contrary in this Indenture.

(d) Investments may be allocated on the books of the Trustee among the funds and accounts established by Article III of this Indenture; provided, however, that (1) investments of amounts in the Rebate Account of the Revenue Fund shall be segregated from other investments, and such amounts shall be invested only in investments described in Section 412(a) (i) and (ii) above, and (2) amounts in the Bond Fund shall be segregated from other amounts and shall be invested only in investments described in Section 412(a) (i), (ii), (vi), (vii) and (viii) above, and (3) that all such investments mature or can be liquidated not later than the dates such amounts will be needed.

(e) In the absence of any direction from the Authorized Authority Representative regarding the selection of investments, the Trustee shall invest moneys in any Account for which investments are permitted, until such directions are received, pursuant to written instructions delivered to the Trustee by the Authority upon the original issuance of the Bonds, as such instructions may be amended from time to time.

Except as provided in subsection (c) above, interest or profit earned on the above investments or deposits shall be deposited in the Bond Fund. Any loss on investments shall be charged to the fund (and account, if applicable) for which such investment was made. Ratings of investments referred to in this Section 412 shall be determined at the time of the purchase of such investment without regard to ratings subcategories. The Trustee may conclusively rely upon the Authority's written instructions as to both suitability and legality of the directed investments and shall have no duty to monitor the compliance thereof with the restrictions set forth herein. The Trustee shall not be liable for losses on investments made at the written direction of the Authority.

Section 413. Use of and Disbursements from Trustee Fee Fund. On each July 1, commencing on July 1, 2021, from the Trustee Fee Fund, the Trustee shall pay itself the Annual Trustee Fee.

ARTICLE V SOURCES OF PAYMENT AND SECURITY FOR THE BONDS

Section 501. Limited Obligations of Authority. The Bonds and the interest obligation thereon shall never constitute debt or a general obligation of the City or the Authority within the meaning of any constitutional, statutory or charter provision or limitation (as applicable) and shall never constitute nor give rise to a charge against the general credit of the Authority or the general credit or taxing powers of the City, but shall be limited obligations of the Authority payable solely from Legally Available Funds and secured solely by the Security as defined in Section 502 of this Indenture.

The Authority makes no representations under this Indenture or the Bond Resolution as to the sufficiency of future collections of Tax Increment Revenues to provide for the payment of all

principal of, premium, if any, and interest on the Bonds when due. The Authority disclaims responsibility for the accuracy of projections and forecasts of future collections of tax increment revenues prepared by financial consultants or advisors to any party, including, without limitation, financial consultants to the Authority, the availability and sufficiency of such collections of tax increment revenues being beyond the reasonable control of the Authority in the performance of its statutory duties under Act.

Section 502. Security for Bonds; Pledge. The Bonds shall be secured only by the following (the “Security”):

1. All moneys, and all Investment Income thereon, in the Funds and Accounts established herein; and
2. The Tax Increment Revenues.

The Authority, to the fullest extent of its ability to do so, hereby pledges and grants to the Trustee for the benefit of the Bondholders a security interest in all of the foregoing, and in order to assure this security the Authority covenants and agrees that (i) the Bondholders shall have a first and superior lien on all moneys in the Funds and Accounts described in this Section and (ii) the Bondholders shall have a first and superior lien on the Tax Increment Revenues. It is the intention of the Authority that by operation of the provisions of the Act, and to the fullest extent permitted by law, the pledge of the Tax Increment Revenues shall create a valid and binding statutory lien on the pledged Tax Increment Revenues. The lien of the pledge of the Tax Increment Revenues and of moneys in the Funds and Accounts established herein shall be valid and binding from the time the pledge is made and all moneys or properties subject thereto which are thereafter received shall immediately be subject to the lien of said pledges without physical delivery or further act. The lien of the pledge shall be valid and binding against all parties having claims in tort, contract or otherwise against the Authority irrespective of whether such parties have notice of the lien.

Section 503. Defeasance. If (a) sufficient cash, or cash and obligations described in Section 412(a)(i), the principal of and the interest on which without reinvestment, when due and payable, will provide sufficient moneys, which are certified by an independent public accounting firm of national reputation to be of such maturities or redemption dates and interest payment dates, and to bear such interest, as will be sufficient for payment of all interest and principal payments due or to become due with respect to the Bonds outstanding, shall be held by the Trustee in the Bond Fund in trust for the benefit of the holders of such Bonds, and (b) all fees and expenses of the Trustee have been paid, then and in that case the lien of this Indenture shall be defeased and terminated and all obligations of the Authority hereunder shall thereupon cease, terminate and become void, and, on demand of the Authority, any surplus in the Bond Fund other than money held for the payment of the Bonds shall be transferred to the Authority; provided, however, that the applicable provisions of this Indenture pertaining to the payment of the principal of and interest on the Bonds and registration and transfer of Bonds shall be continued in force until all principal of and interest on the Bonds have been fully paid. Notwithstanding the foregoing, no deposit of cash or cash and obligations in the Bond Fund shall be deemed a provision for payment of any Bond until the Authority has furnished the Trustee an opinion of Bond Counsel stating that the

deposit of such cash or obligations will not cause the interest on the Bonds to become includible in the gross income of the holders thereof for federal income tax purposes.

Section 504. Cancellation of Bonds Upon Payment. All Bonds paid, redeemed or purchased, either at or before maturity, shall immediately be canceled. The Trustee shall maintain records of the details of all Bonds so canceled and shall provide information with respect thereto upon written request to the Authority. All Bonds canceled under any of the provisions of this Indenture shall, as directed in writing by an Authorized Officer of the Authority, be either delivered to the Authority or be disposed of by the Trustee in accordance with its document retention policy in effect from time to time.

Section 505. Excess Payments. After provision has been made for the payment of all outstanding Bonds and the interest thereon and for the payment of all other obligations, expenses and charges required to be paid under or in connection with this Indenture, the Reimbursement Agreement or the Plan, and provided there exist no other resolutions, indentures or agreements to the best knowledge of the Trustee imposing a continuing lien on the balances hereinafter mentioned, the Trustee shall pay any balance in the Bond Fund and any balance in any other fund or account then held by it under this Indenture (other than the Rebate Account) to the Authority if permitted under applicable law.

Section 506. DDA Revenues as Additional Source of Payment of Bonds. In addition to the Tax Increment Revenues and the moneys held in the funds identified in Section 403 hereof, the Bonds shall also be payable from the DDA Revenues. The Authority shall deposit the DDA Revenues into the Bond Fund within thirty (30) days of receipt from the DDA.

ARTICLE VI DEFAULT PROVISIONS AND REMEDIES

Section 601. Events of Default. Any one of the following shall constitute an Event of Default hereunder:

- (a) Default in the payment of any interest on any Bond when and as the same shall have become due;
- (b) Default in the payment of the principal of any Bond when and as the same shall become due, whether at the stated maturity or redemption date thereof;
- (c) Default in the observance or performance of any other of the covenants, agreements or conditions on the part of the Authority included in this Indenture or in the Bonds which impair the payment of the principal of or interest on the Bonds, and the continuance thereof for a period of 30 days after written notice to the Authority given by the Trustee or the holders of a majority in aggregate principal amount of the Bonds outstanding.

Notwithstanding the foregoing, no Event of Default shall occur at any time the Authority is depositing, or causing the deposit of, the Tax Increment Revenues (less such amounts as may

be permissibly withheld pursuant to the Reimbursement Agreement) and the DDA Revenues in the Revenue Fund as provided in this Indenture.

Section 602. Remedy on Default. Upon the happening and continuance of an Event of Default hereunder, the Trustee may thereafter proceed to enforce its rights hereunder by any lawful procedures, including bringing suit on the Bonds or actions for mandamus requiring the Authority to perform each and every covenant contained in this Indenture, or by injunction to prevent the Authority from taking any action in violation of any covenant contained in this Indenture. Further, following an Event of Default described in Section 601(a), (b) or (c), and so long as such Event of Default has not been waived or corrected by the payment of all principal and interest on the Bonds then due, the Trustee may, at its option and following notice thereof to the Authority, direct the City Treasurer of the City or the County Treasurer of the County of Ingham, Michigan, as the case may require, to deposit as received the Tax Increment Revenues, if any, directly to the Trustee for deposit in the Bond Fund.

A delay or omission by the Trustee or any Bondholder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of, or acquiescence in, the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative.

Section 603. Notice of Default. If an event occurs which, with the giving of notice or lapse of time, or both, would be an Event of Default, and if the event is continuing and known to the Trustee, the Trustee shall mail or communicate via Electronic Means to each Bondholder notice of the event within 45 days after the Trustee has or is deemed to have notice, provided that if an Event of Default occurs under Section 601(a) or Section 601(b), the Trustee shall provide notice to Bondholder immediately.

Section 604. Waiver of Past Defaults. The holders of a majority in aggregate principal amount of the Bonds then outstanding may, by notice to the Trustee, waive an existing Event of Default and its consequences. When an Event of Default is waived, it is cured and ceases to be continuing, but no such waiver shall extend to any subsequent or other Event of Default or impair any right consequent thereto.

Section 605. Control by Majority. The holders of a majority in aggregate principal amount of the Bonds then outstanding may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee; provided, however, the Trustee may refuse to follow any direction that causes it expense or liability without indemnification to its satisfaction, conflicts with law or this Indenture or, subject to Section 701, that the Trustee determines is unduly prejudicial to the rights of other Bondholders or would subject the Trustee to a claim for breach of trust.

Section 606. Priority of Payments After Default.

In the event that the funds held by the Trustee shall be insufficient for the payment of interest and principal and redemption premium, if any, then due on the Bonds, such funds and any

other moneys received or collected by the Trustee acting pursuant to this Article VI, after making provision for the payment of any fees and expenses necessary in the opinion of the Trustee to protect the interest of the holders of the Bonds and for the payment of the fees, charges and expenses (including but not limited to attorneys' fees and expenses) and liabilities incurred and advances made by the Trustee in the performance of its duties under this Indenture, and the creation of a reasonable reserve for anticipated fees, costs and expenses, shall be applied as follows (other than funds held for the payment or redemption of particular Bonds which have theretofore become due at maturity or by call for redemption or for interest on Bonds which have theretofore become due):

(a) All such moneys shall be applied in the following order:

First: to the payment to the persons entitled thereto of all installments of interest then due and payable in the order in which such installments shall have become due and payable and if the amount available shall not be sufficient to pay in full any particular installment, then to the payment of the interest, ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds;

Second: to the payment to the persons entitled thereto of the unpaid principal of any of the Bonds which shall have become due and payable (other than Bonds previously called for redemption for the payment of which moneys are held pursuant to the provisions of this Indenture), in the order of their due dates, and, if the amount available shall not be sufficient to pay in full the principal of the Bonds due and payable on any particular date, then to the payment of the principal, ratably, according to the amount of the principal due on that date, to the persons entitled thereto without any discrimination or preference; and

Third: to the scheduled payment of the interest on and the principal of the Bonds, to the purchase and retirement of Bonds and to the redemption of Bonds.

(b) If the principal of all the Bonds shall have become or shall have been declared due and payable, all the moneys shall be applied to the payment of the principal and interest then due and unpaid upon the Bonds (other than for Bonds previously called for redemption for the payment of which moneys are held pursuant to the provisions of this Indenture) without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preferences except as to any differences in the respective rates of interest specified in the Bonds.

Whenever moneys are to be applied by the Trustee pursuant to the provisions of this Section 606, such moneys shall be applied by the Trustee at such times, and from time to time, as the Trustee in its sole discretion shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional money becoming available for such application in the future; the deposit of such moneys with the Trustee, or otherwise setting aside

such moneys in trust for the proper purpose, shall constitute proper application by the Trustee; and the Trustee shall incur no liability whatsoever to the Issuer, to any Bondholder or to any other person for any delay in applying any such moneys, so long as the Trustee acts with reasonable diligence, having due regard for the circumstances, and ultimately applies the same in accordance with such provisions of this Indenture as may be applicable at the time of application by the Trustee. Whenever the Trustee shall exercise such discretion in applying such moneys, it shall fix the date (which shall be an interest payment date unless the Trustee shall deem another date more suitable) upon which such application is to be made, and upon such date interest on the amounts of principal to be paid on such date shall cease to exist. The Trustee shall give such notice as it may deem appropriate for the fixing of any such date. The Trustee shall not be required to make the final and full payment of the principal of the Bond to the Bondholder unless such Bond shall be presented to the Trustee for cancellation.

Section 607. Limitation on Rights of Bondholders.

The registered owner of a Bond or Bonds shall not have any right to institute any suit, action or other proceeding hereunder, or for the protection or enforcement of any right under this Indenture or any right under law unless that registered owner shall have given to the Trustee written notice of the Event of Default or breach of duty on account of which such suit, action or proceeding is to be taken and unless the registered owners of not less than a majority in principal amount of any Bonds then outstanding shall have made written request of the Trustee after the right to exercise such powers or right of action shall have accrued, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers herein granted or granted under law or to institute such action, suit or proceeding in its name and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the fees, costs, expenses and liabilities including reasonable attorney fees to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time. Such notification, request and offer of indemnity are hereby declared in every such case, at the option of the Trustee, to be conditions precedent to the execution of the powers under this Indenture or for any other remedy hereunder or under law. It is understood and intended that no Bondholder or group of Bondholders shall have any right in any manner whatever by such Bondholder's or group of Bondholders' action to affect, disturb or prejudice the security of this Indenture or to enforce any right hereunder or under law with respect to the Bonds or this Indenture, except in the manner herein provided, and that all proceedings shall be instituted, had and maintained in the manner herein provided and for the benefit of all Bondholders. Notwithstanding the foregoing provisions of this Section 607 or any other provisions of this Article VI, the obligation of the Issuer shall be absolute and unconditional to pay the principal of, premium, if any, and interest on the Bonds to the respective Bondholder at the respective due dates thereof, but only from the moneys of the Issuer pledged for such payment, and nothing herein shall affect or impair the right of action, which is absolute and unconditional, of such Bondholder to enforce such payment.

Each Bondholder by the acceptance thereof shall be deemed to have agreed that any court in its discretion may require, in any suit for the enforcement of any right or remedy under this Indenture or any supplemental resolution, or in any suit against the Trustee for any action taken or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the

reasonable costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorney's fees, against any party litigant in any such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this paragraph shall not apply to any suit instituted by the Trustee, to any suit instituted by any Bondholder, or group of Bondholders, owning at least twenty-five percent (25%) in principal amount of the Outstanding Bonds or to any suit instituted by any Bondholder for the enforcement of the payment of the principal of or redemption premium or interest on any Bond on or after the respective due date thereof expressed in that Bond.

Section 608. Possession of Bonds by Trustee Not Required.

All rights of action under this Indenture or under any of the Bonds, enforceable by the Trustee, may be enforced by it without the possession of any of the Bonds or the production thereof on the trial or other proceeding relative thereto, and any such suit, action or proceeding instituted by the Trustee shall be brought in its name for the benefit of all the Bondholders, subject to the provisions of this Indenture.

Section 609. No Waiver of Default.

No delay or omission of the Trustee or of any Bondholder to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein, and every power and remedy given by this Indenture to the Trustee and the Bondholders, respectively, may be exercised from time to time and as often as may be deemed expedient.

ARTICLE VII
THE TRUSTEE

Section 701. Acceptance of Trust and Conditions Thereof. The Trustee, for itself and its successors, hereby accepts the trust and assumes the duties herein created and imposed, but only upon the following terms and conditions, to wit:

(a) The recital of facts herein and in the Bonds shall be taken as statements by the Authority and shall not be construed as made by the Trustee;

(b) The Trustee shall have no responsibility for (i) the validity, execution or acknowledgment hereof or of any Bonds, or (ii) the nature, priority, extent or amount of the security afforded hereby or the recording, re-recording of this Indenture, any financing statements, amendments thereto or continuation statements, or (iii) any breach by the Authority of any covenants herein contained;

(c) The Trustee, save for gross negligence or willful misconduct, shall not be liable for any loss or damage whatsoever arising out of any action or failure to act in connection with the obligations of this Indenture, including but not limited to the diminution of the value of investments; and the Trustee shall not be liable for the exercise of any discretion or power

hereunder, mistakes or errors of judgment, or otherwise, except for willful misconduct or gross negligence;

(d) The Trustee shall be protected in any action taken upon any notice, resolution, vote, request, consent, direction, opinion, certificate, affidavit, statement or other paper believed by its officers to be genuine and to have been passed or signed by the proper party or parties;

(e) The Trustee may, with reasonable care, select and employ agents, receivers and attorneys. The Trustee may act upon the opinion or advice of any attorney (who may be an attorney for the Authority) approved by the Trustee in the exercise of its reasonable judgment, and shall not be responsible for any loss or damage resulting from reliance in good faith upon such opinion or advice. The reasonable compensation and expense of the Trustee and such agents and attorneys shall be paid from funds on hand in the Bond Fund. The Trustee shall be under no obligation or duty to perform any act hereunder (other than to pay principal of and interest on the Bonds when due) or defend any suit unless indemnified to its satisfaction.

(f) Prior to an Event of Default hereunder of which the Trustee has or is deemed to have notice and after the curing of any such Event of Default, the Trustee shall not be liable for the performance of any duties except such duties as are specifically set forth in this Indenture, and no implied covenants or obligations shall be read into this Indenture against the Trustee. The Trustee shall not be deemed to have notice of any default hereunder other than an Event of Default under Section 601(a) or (b) unless it has received written notice thereof. In case of an Event of Default of which the Trustee has or is deemed to have notice continuing for period of 30 days, which Event of Default has not been cured, the Trustee shall exercise such of the rights and powers vested in it by this Indenture and shall use the same degree of care and skill in its exercise thereof as a prudent corporate trustee under an indenture would exercise or use under the circumstances.

(g) The Trustee shall be entitled to payment and/or reimbursement for its ordinary services rendered hereunder and all advances, counsel fees and other ordinary expenses reasonably made or incurred by the Trustee in connection with such ordinary services, and, in the event that it should become necessary that the Trustee perform extraordinary services, it shall be entitled to reasonable extra compensation therefor, and to reimbursement for extraordinary expenses reasonably incurred in connection therewith.

(h) No provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers.

(i) The Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the holders of at least a majority of the aggregate principal amount of the Bonds then outstanding relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee under this Indenture.

(j) The permissive rights of the Trustee to do things enumerated in this Indenture shall not be construed as duties.

(k) Except as provided in Section 706, the Trustee shall have no responsibility with respect to any information, statement or recital in any official statement, offering memorandum or any other disclosure material prepared or distributed with respect to the Bonds.

(l) The Trustee shall have the right to accept and act upon directions given pursuant to this Indenture or any other document reasonably relating to the Bonds and delivered using Electronic Means; provided, however, that the Authority shall provide to the Trustee an incumbency certificate listing Authorized Authority Representatives with the authority to provide such directions and containing specimen signatures of such authorized representatives, which incumbency certificate shall be amended whenever a person is to be added or deleted from the listing. If the Authority elects to give the Trustee directions using Electronic Means and the Trustee in its discretion elects to act upon such directions, the Trustee's understanding of such directions shall be deemed controlling. The Authority understands and agrees that the Trustee cannot determine the identity of the actual sender of such directions and that the Trustee shall conclusively presume that they have been sent by an authorized representative. The Authority shall be responsible for ensuring that only Authorized Authority Representatives transmit such directions to the Trustee and that all such authorized representatives treat applicable user and authorization codes, passwords and/or authentication keys with extreme care. The Trustee shall not be liable for any losses, costs or expenses arising directly or indirectly from the Trustee's reliance upon and compliance with such directions notwithstanding such directions conflict or are inconsistent with a subsequent written direction. The Authority agrees: (i) to assume all risks arising out of the use of Electronic Means to submit directions to the Trustee, including without limitation the risk of the Trustee acting on unauthorized directions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting directions to the Trustee and that there may be more secure methods of transmitting directions than the method(s) selected by the Authority; (iii) that the security procedures (if any) to be followed in connection with its transmission of directions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances and (iv) to notify the Trustee immediately upon learning of any compromise or unauthorized use of the security procedures.

(m) The Trustee shall not be obligated to perform any obligation hereunder and shall not incur any liability for the nonperformance or breach of any obligation hereunder to the extent that it is delayed in performing, unable to perform or breaches such obligation because of acts of God, war, terrorism, riots, lightning, fire, tornadoes, storms, droughts, explosions, floods, earthquakes, hurricanes, strikes, lockouts or other industrial disturbances, orders or restraints of any kind of the government of the United States of America or of the State or any of their departments, agencies, political subdivisions or officials, electrical outages, epidemics, pandemics, equipment or transmission failures, or other causes reasonably beyond its control.

(n) The Trustee shall not be accountable for the application by any Person of the proceeds of any Bonds authenticated or delivered hereunder.

Section 702. Right of Trustee to Resign and Removal of Trustee. The Trustee and any successor Trustee may at any time resign by giving 30 days' written notice to the Authority and the Bondholders and such resignation shall not take effect until a successor Trustee has been appointed by the Authority and has accepted the appointment; provided, that, the Authority shall appoint such successor within 30 days of receipt of notice of resignation from the Trustee. The Trustee, and any successor Trustee may be removed at any time by the Authority, or at any time by an instrument or concurrent instruments in writing delivered to the Trustee and the Authority and signed by the holders of a majority in principal amount of the Bonds outstanding; provided, however, that such removal shall not take effect until a successor Trustee has been appointed hereunder and has accepted such appointment; and provided further that in the case of removal by the Authority, the Authority shall give at least 60 days' prior notice of such removal by mail to the Bondholders and such removal shall not be effective unless prior to the proposed date of removal the holders of a majority in principal amount of the Bonds outstanding file with the Authority or the Trustee written instruments approving the proposed removal. In case the Trustee shall resign or be removed, or be dissolved, or shall be in course of dissolution or liquidation, or otherwise become incapable of acting hereunder, or shall be taken under the control of any public officer or officers, or of a receiver appointed by a court, a successor may be appointed by the Bondholders, by an instrument or concurrent instruments in writing signed by the holders of a majority in principal amount of the Bonds outstanding; provided, however, that in case of such vacancy the Authority by an instrument executed and signed by an authorized officer, shall forthwith appoint a Trustee to fill such vacancy unless and until a successor Trustee shall be appointed by the Bondholders in the manner above provided, and any such Trustee appointed by the Authority shall immediately and without further act be superseded by a successor Trustee, if any, so appointed by the Bondholders. If an instrument of acceptance by a successor Trustee shall not have been delivered to the Trustee within sixty (60) days of such resignation, removal or incapability the Trustee or any Bondholder may petition any court of competent jurisdiction for the appointment of a successor Trustee, at the Authority's expense, until a successor shall have been appointed as above provided. Every such Trustee appointed pursuant to the provisions of this Section shall be a trust company or bank in good standing, within the State of Michigan, having a reported capital and surplus in an amount of not less than Seventy Five Million Dollars (\$75,000,000) or assets under its management in an amount of not less than Five Hundred Million Dollars (\$500,000,000) if there be such an institution willing, qualified and able to accept the trust upon reasonable or customary terms.

Section 703. Funds To Be Held In Trust. Until disbursed for the purposes authorized by this Indenture, all moneys in the Funds and Accounts established herein shall be held by the Trustee as trust funds for the benefit and security of the Bondholders as provided herein, and the Trustee shall not be liable for interest on such sums, except to the extent of income actually earned from investments herein authorized and directed, if the provisions of this Indenture are carried out.

The Trustee shall maintain a record of all receipts and disbursements of Tax Increment Revenues and all other revenues, and investment income derived from the foregoing, passing through the funds and accounts established hereunder.

Section 704. Right To Recognize Bondholders. The Trustee and the Authority shall each be protected in treating the registered holders of the Bonds as the true owners thereof for all purposes, and shall not be charged with any notice to the contrary.

Section 705. Successor Trustee. Any corporation into which the Trustee may be merged or with which it may be consolidated, or any corporation resulting from any merger or consolidation to which the Trustee shall be a party, or any state or national bank or trust company in any manner succeeding to the corporate trust business of the Trustee or of any successor Trustee as a whole or substantially as a whole, shall be the successor of the Trustee hereunder, without the execution or filing of any paper or any further act on the part of any of the parties hereto, anything to the contrary contained herein notwithstanding.

Section 706. Account Statements and Reports. (a) The Trustee shall provide to the Authority and each Bondholder monthly statements of account reflecting the monthly activity of all receipts and distributions in each of the funds and accounts established hereunder.

(b) Within 10 days of receipt, the Trustee shall distribute the reports and information it receives pursuant to the Disclosure Agreements to each Bondholder.

ARTICLE VIII AMENDMENTS, SUPPLEMENTAL INDENTURES

Section 801. Supplemental Indentures Not Requiring Consent of Bondholders. The Authority and the Trustee, without the consent of or notice to the Bondholders, may enter into any indentures supplemental to this Indenture and not inconsistent herewith, for one or more of the following purposes:

(a) To cure any ambiguity or to correct or supplement any provision contained herein or in any supplemental indenture which may be defective or inconsistent with any provision contained herein or in any supplemental indenture, or to make such other provisions in regard to matters or questions arising under this Indenture which shall not adversely affect the interest of the Bondholders;

(b) To grant to or confer upon the Trustee for the benefit of the Bondholders any additional rights, remedies, powers or authority that may lawfully be granted to or conferred upon the Bondholders or the Trustee;

(c) To grant or pledge to the Trustee for the benefit of the Bondholders any additional security other than that granted or pledged under this Indenture;

(d) To modify, amend or supplement this Indenture or any indenture supplemental thereto in such manner as to permit the qualification thereof under the Trust Indenture Act of 1939 or any similar federal statute then in effect or to permit the qualification of the Bonds for sale under the securities laws of any of the States of the United States; or

(e) To appoint a successor Trustee, separate trustees or co-trustees in the manner provided in Article VIII.

When requested by the Authority, and upon receipt of an opinion of Bond Counsel to the effect that all conditions precedent to the execution of such proposed supplemental indenture under this Indenture have been met, the Trustee shall join the Authority in the execution of any such supplemental indenture. The Trustee shall transmit a copy of any such supplemental indenture to the holders of the Bonds as of the date of such execution.

Section 802. Supplemental Indentures, Consent of Bondholders. Subject to the terms and provisions contained in this Section 802, and not otherwise, the holders of a majority in principal amount of the Bonds outstanding shall have the right, from time to time, anything contained in this Indenture to the contrary notwithstanding, to consent to and direct the execution by the Trustee of such other indenture or indentures supplemental hereto as shall be consented to by the Authority, which consent shall not be unreasonably withheld, for the purpose of modifying, altering, amending, adding to or rescinding, any of the terms or provisions contained in this Indenture or any supplemental indenture; provided, however, that nothing in this Section 802 shall permit, or be construed as permitting (a) without the consent of the holders of 100% in aggregate principal amount of the Bonds outstanding (i) an extension of the maturity of the principal of or the due date of interest on, the Bonds, or (ii) a reduction in the principal amount of, or the rate of interest on, the Bonds, (iii) creation of any privilege or priority of any Bond or Bonds over any other Bond or Bonds, (iv) reduction of the percentage of the principal amount of Bonds required for consent to any such supplemental indenture, (v) the creation of a lien prior to the lien of this Indenture, or (vi) any change in Section 210, or (b) a modification or change in the duties of the Trustee hereunder without the written consent of the Trustee. The Trustee shall be entitled to receive, and shall be fully protected in relying upon an opinion of Bond Counsel to the effect that all conditions precedent under this Indenture have been met prior to executing a supplemental indenture pursuant to this Section.

This bond is one of a series of term bonds of even Date of Original Issue aggregating the principal sum of \$_____, issued in anticipation of the collection of certain Tax Increment Revenues, which will be collected pursuant to the Brownfield Plan No. 24 approved by the Issuer on May 23, 2017 and approved and amended by the City Council of the City of East Lansing, Counties of Ingham and Clinton, State of Michigan on June 20, 2017, and other Legally Available Funds, and for the purposes of providing funds which, together with certain other funds and investment earnings, will be used to (a) refund certain prior bonds and obligations of the Authority and (b) pay the costs and expenses of issuing the Bonds, all in accordance with Act 381, Public Acts of Michigan, 1996, as amended, duly adopted resolutions of the Issuer, and the Trust Indenture, dated as of December 1, 2020 (the “Indenture”), between the Issuer and the Trustee. The principal amounts of the Term Bonds of a maturity to be redeemed on the dates set forth above shall be reduced, in the order determined by the Authority, by the principal amount of the Term Bonds of the same maturity which has been previously redeemed or called for redemption (other than as a result of a mandatory redemption) or purchased or acquired by the Authority and delivered to the Transfer Agent for cancellation.

Extraordinary Optional Redemption. Bonds of this issue subject to extraordinary mandatory redemption as provided in the Indenture.

If less than all of the outstanding bonds of the same maturity are called for redemption, the Trustee shall select bonds to be redeemed by lot. Upon any surrender of the bonds, the Trustee shall cancel the bonds and thereafter the Authority shall execute and the Trustee shall authenticate and deliver new bonds in an amount equal to the remaining unpaid principal amount thereof. No further interest on a bond or portion thereof called for redemption shall accrue after the date fixed for redemption, whether presented for redemption or not, provided funds are on hand with the Trustee to redeem the bond or portion thereof on the redemption date.

Unless waived by the Registered Owner, whenever any bond is called for redemption, the Trustee, on behalf of the Issuer, shall give notice of such redemption, which notice shall among other things (i) identify the bond or portion thereof to be redeemed, the date of the notice, the CUSIP number, the redemption date, the redemption price and the place or places where the amounts due upon such redemption shall be payable (which shall be the principal corporate trust office of the Trustee) and (ii) state that on the redemption date the bond or portion thereof to be redeemed shall cease to bear interest, provided funds are on hand with the Trustee to redeem the bond or portion thereof on the redemption date. Such notice shall be given at least sixty (60) days prior to the redemption date.

Any notice of redemption shall be given by emailing to such email address on record or by mailing a copy thereof by first class mail to the Registered Owner of the bonds to be redeemed at the address for such Registered Owner shown on the registration books maintained by the Trustee pursuant to the Indenture. Failure to give such notice by mailing, or any defect in such notice, to the Registered Owner shall not affect the validity of proceedings for redemption.

This bond is issued under and is equally and ratably secured and entitled to the protection given by the Indenture, which Indenture is on file in the office of the Trustee, and reference is hereby made to the Indenture and to all indentures supplemental thereto for a more complete description of the provisions, among others, with respect to the nature and extent of the Security, the rights, duties and obligations of the Issuer, the Trustee and the holders of the Bonds and the terms and conditions upon which the Bond is issued and secured, to all of the provisions of which Indenture the holders, by the acceptance hereof, assent.

This bond is transferable by the Registered Owner at the principal corporate trust office of the Trustee, upon presentation hereof to the Trustee, all subject to the terms and conditions provided in the Indenture; provided, however, that the Trustee shall not be required to transfer or

The Indenture contains provisions permitting the Issuer and the Trustee without the consent of the Registered Owner to execute supplemental indentures in certain cases enumerated in the Indenture.

IT IS HEREBY CERTIFIED AND RECITED that all acts, conditions and things necessary to be done by the Issuer precedent to and in the issuing of this bond in order to make this bond a legal, valid and binding limited obligation of the Issuer in accordance with its terms, and in the execution and delivery of the Indenture, have been done and performed and have happened in regular and due form as required by law; that the Issuer has, on its behalf, received payment in full for this bond; and that this bond does not exceed or violate any constitutional or statutory limitation of the Issuer.
