FEE APPEALS:

You may appeal these fees by submitting to the City Manager a written appeal for a fee reduction by specifically stating the word “appeal” and identifying how the fee exceeds those permitted under the City’s policies or the Freedom of Information Act. Unless extended by up to 10 days with a written notice detailing the reasons for the extension, the City Manager must respond within 10 business days after receiving the appeal and either: (1) waive the fee, (2) reduce the fee (and explain why), or (3) uphold the fee (and explain why). If you believe the amount still exceeds the amount permitted by the City’s policies or the Freedom of Information Act, you may file an action in circuit court within 45 days from the date of the City Manager’s response. If you prevail in the action and the court reduces the total fee by 50% or more, the court may, in its discretion, award all or a portion of your reasonable attorney fees, costs and disbursements. If the court determines the City acted arbitrarily and capriciously, it may award in addition to any other damages, punitive damages of \$500.00 and a civil fine of \$500.00. (Any civil fine would go to the State Treasury.)
